### Property Description

COVID-19 UPDATE: At Hudson Bond, we have always invited our valued clients to a personal one-on-one inspection through our private leasing process. We have always believed this offers you a better experience, giving you the time and space to view a property without rubbing shoulders with strangers. Now that it's essential to maintain a healthy distance apart, we are totally prepared to help you, because that's the Hudson Bond way of showing properties.

For those tenants who would prefer not to leave their home, you can take advantage of our Personal Video Tours. Available via FaceTime, WhatsApp or Skype - we offer a live one-on-one personal walk through which you direct. Bookings are required in advance.

Act quickly to get into the very first Micro Warehouse development in Melbourne's outer east.

Offering unique commercial solutions to a range of prospective tenants these individually powered units are perfect for Trades & Businesses but will equally service the needs of anyone with general warehousing requirements.
